## PART 3. NURSING EDUCATION PROGRAMS

### **R 338.10301 Definitions.**

Rule 301. As used in this part:

(a) "Annual progress report" means a report completed and submitted in the years between the self-study submissions during the program approval phase to provide the board with information as to the program's admissions, attritions, courses, clinical experiences, faculty, program evaluation, and outcomes.

(b) "Clinical experience" means direct nursing care experiences with patients or clients that offer students the opportunity to integrate, apply, and refine specific skills and abilities that are based on theoretical concepts and scientific principles. Clinical experience may include simulated nursing experiences.

(c) "Clinical laboratory hours" means those hours of the curriculum which are assigned to laboratory practice, basic skills training, and observational experiences which offer the student the opportunity to meet educational outcomes.

(d) "Cohort" means a group of students admitted in the same academic semester or term with the intention of completing the nursing program together.

(e) "Conceptual framework" means the distinct, systematic organization of concepts and planned student outcomes of the program that are consistent with relevant professional nursing standards and the mission, goals, philosophy, and purposes of the sponsoring institution, and which gives direction to the curriculum.

(f) "Cooperating agency" means an individual, organization, or institution which, by written agreement or letter of intent, accepts students and faculty for nursing educational experiences.

(g) "Core curriculum for licensed practical nurse applicants" means courses in didactic instruction and planned clinical experience, which encompass the LPN scope of practice, in each of the following areas of nursing:

(i) Adult health nursing, which consists of the study of nursing care throughout the adult lifespan; providing care for the acute or chronic phases of a medical illness; providing care before, during and after a surgical procedure; health promotion; and disease prevention.

(ii) Maternal and reproductive nursing, which consists of the study of nursing care for women and their families in the gynecological, antepartum, labor and delivery, and postpartum phases of pregnancy, and includes the care of the newborn infant. This education shall not include only gynecological nursing.

(iii) Children's nursing, which consists of the study of nursing care for children whose ages range from birth through adolescence and who are receiving nursing care for both medical and surgical reasons. This education shall not include only newborn nursing education.

(iv) Surgical nursing, which consists of the study of nursing care throughout the adult lifespan, providing care before, during, and after a surgical procedure, health promotion, and disease prevention.

(h) “Core curriculum for registered professional nurse applicants” means courses in didactic instruction and planned clinical experience, which encompass the RN scope of practice, in each of the following areas of nursing:

(i) Adult health nursing, which consists of the study of nursing care throughout the adult lifespan; providing care for the acute or chronic phases of a medical illness; providing care before, during and after a surgical procedure; health promotion, and disease prevention.

(ii) Maternal and reproductive nursing, which consists of the study of nursing care for women and their families in the gynecological, antepartum, labor and delivery, and postpartum phases of pregnancy, and includes the care of the newborn infant. This education shall not include only gynecological nursing.

(iii) Children’s nursing, which consists of the study of nursing care for children whose ages range from birth through adolescence and who are receiving nursing care for both medical and surgical reasons. This education shall not include only newborn nursing education.

(iv) Mental health nursing, which consists of the nursing care of patients who are receiving nursing care for an acute or chronic psychiatric disorder or physical disorder and shall not be limited only to areas of physical disorders that cause impaired mental function or neurological diseases.

(v) Surgical nursing, which consists of the study of nursing care throughout an adult lifespan, providing care before, during, and after a surgical procedure, health promotion, and disease prevention.

(i) “Curriculum” means implementation of the philosophy, purposes, program outcomes, and conceptual framework of the nursing program through the systematic arrangement of courses, including outcomes stated in measurable terms and accomplished through appropriate learning experiences planned for a clearly defined group of students and extending over a period of time. Systematic and ongoing evaluation within the context of measurable outcomes is inherent in the curriculum.

(j) “Final approval report” means a self-study done after the graduation of the second cohort and prior to the graduation of the fourth cohort that is submitted to the board when the program is seeking full program approval.

(k) “Full program approval” means approval of a program granted after satisfactory demonstration to the board of compliance with these rules.

(l) “Initial approval” means approval that is granted by the board to inaugurate a program of nursing education.

(m) “Instruction” means educational methodology for achieving curriculum outcomes.

(n) “Learning experiences” means planned learning situations, which may include clinical experiences, clinical laboratory hours, or classroom instruction.

(o) “Major program change” means any of the following:

(i) Revision of the program’s philosophy, conceptual framework, curriculum, or program outcomes that increase the use of simulation more than 10% of the total clinical hours in a program.

(ii) Change in primary instruction.

(iii) Elimination of separate course content for an integrated approach.

(iv) A permanent expansion in the number of students served.

(p) “Minor program change” means a change that does not permanently affect the program’s philosophy, conceptual framework, outcomes pertaining to the curriculum, or approved enrollment numbers.

(q) “Nurse education consultant” means a nurse with expertise in curriculum development and nursing program administration or education that independently examines a nursing program under disciplinary review.

(r) “Nurse site reviewer” means a nurse with expertise in curriculum development and nursing program administration or education that independently examines a nursing program applying for program approval.

(s) “Nursing process” means the ongoing assessment, analysis, nursing diagnosis, planning, implementation, and evaluation of nursing care.

(t) “Observational experience” means a planned learning situation that is not direct patient care, does not require intervention by the student, meets preplanned stated outcomes, and provides for student evaluation.

(u) “Philosophy” means the stated beliefs of a faculty about nursing education and practice which determine the design of the curriculum and the evaluation of the program and which are consistent with the educational philosophy of the sponsoring agency.

(v) “Practical nurse program” means a nursing program to prepare students for practical nurse licensure.

(w) “Preceptor” means an experienced nurse, paired in a 1-to-1 relationship with a nursing student, who actively participates in the education, mentoring, and evaluation of the nursing student in a clinical setting.

(x) “Program director” means a nurse who is delegated the authority and accountability for the nursing program by the sponsoring agency.

(y) “Program of nursing education” means a plan or design indicating the relationship of the components necessary to achieve the goal of preparing persons for licensure as registered or practical nurses under the code.

(z) “Probationary status” means the period when a program is under disciplinary action by the board.

(aa) “Registered professional nurse program” means a nursing program to prepare students for initial registered nurse licensure.

(bb) “Self-study report” means an in-depth written review of all aspects of a nursing education program that contains evidence of the program’s compliance with all the requirements of these rules.

(cc) “Simulation laboratory” means activities that replicate patient care scenarios and are designed to foster clinical decision-making and critical thinking. Scenarios may include the use of medium- or high-fidelity mannequins, standardized patients, role playing, skills stations, and computer-based critical thinking simulations.

(dd) “Site visit” means a physical inspection of an institution and all the components of its program of nursing education for the purpose of determining compliance with the requirements of this part.

(ee) “Sponsoring agency” means the organization or institution of which the nursing program is a component.

History: 1989 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10303 Initial program approval; procedure.**

Rule 303. The following requirements are established for initial approval of a program of nursing education:

(a) The sponsoring agency shall submit all of the following to the board:

(i) A letter of intent to initiate a program of nursing education.

(ii) A feasibility study that clearly demonstrates all of the following, with supporting documentation relative to the proposed program location:

(A) Need for the program.

(B) Need for graduates of the proposed program.

(C) Availability of students.

(D) Impact on all existing nursing education programs in a 50-mile radius of the proposed program.

(E) Ability of proposed clinical education sites to provide students with clinical experiences that meet course outcomes, provide students the opportunity to practice skills with individuals or groups across the life span and meet the requirements of R 338.10307(5), (6), (7), and (8). Evidence shall also include documentation of the effect on other schools utilizing the proposed clinical facilities and letters of intent from the proposed clinical education sites, signed by the chief nursing officer, or an equivalent position, outlining the plan to accommodate all of the sponsoring agency's students.

(iii) Evidence that the mission of the sponsoring agency is consistent with the philosophy and purpose of a program to prepare students for the practice of nursing as defined in section 17201(1)(a) of the code, MCL 333.17201(1)(a).

(iv) Evidence that the sponsoring agency will provide funding and other support for the nursing education program that meets all of the following requirements:

(A) A 5-year budget in which the first 2 years of the budget do not include tuition and the remaining 3 years of the budget includes tuition.

(B) A financial statement prepared by an independent certified public accountant or auditor, a bank line of credit, or a surety bond that equals the total tuition for all students who have been enrolled for 2 years.

(C) Submission of evidence that the sponsoring agency will provide appropriate physical facilities and other support services for the nursing education program, in conjunction with other departments in the sponsoring agency, including faculty, administration, and student participation in governance of the sponsoring agency, a grievance or complaint process, counseling, academic advising, career placement, financial aid, and learning resource centers or library.

(v) Evidence of approval to provide financial aid for students, under Title IV of the Higher Education Act of 1965, 20 U.S.C. 1070 § 400 et seq.

(vi) A sponsoring agency that is an institution requiring approval from the department's proprietary schools unit, or its successor agency, to conduct a nursing education program or to confer a particular degree or certificate upon the graduates of the program shall submit to the board a copy of the approval. A proprietary school shall possess a state-

issued license, be in operation for 2 years, offer health-related courses, and demonstrate student success by certifying that exam results meet or exceed state or national averages.

(vii) Proposed number of students to be enrolled in the program annually, the number of times that enrollment periods will be held per year, and the dates when enrollment periods will be held annually.

(viii) Proposed first date of admission of students to the nursing sequence of the program.

(ix) Plans to recruit and employ a program director and other faculty members sufficiently in advance of admitting students to the nursing sequence to ensure consistency in the planning and implementation of the curriculum. If already appointed, the names and qualifications of the director of the program and other faculty members shall be provided.

(x) The sponsoring agency shall provide evidence of a tuition policy in which students pay as they proceed through the program either by semesters, terms, units, or other time frame as specified by the sponsoring agency. The sponsoring agency shall also provide evidence of a refund policy that adheres to the refund policies of applicable state, federal, and accrediting agencies.

(xi) Evidence that students possess the necessary prerequisite education prior to admissions to the program. The program shall not be the provider of the prerequisite education, unless it is a state-approved higher educational institution or has the approval of the state to offer prerequisite courses.

(xii) A student contract or enrollment application that outlines the nursing education program's admission requirements, a tuition refund policy that complies with subdivision (a)(x) of this subrule, a withdrawal and failure policy, and academic progression and program completion requirements.

(b) Following initial approval from the board and before initiating the nursing sequence, the program director shall submit a self-study report to be approved by the board. The report shall set forth evidence of plans for compliance with the following:

- (i) Curriculum.
- (ii) Course descriptions and outlines.
- (iii) Philosophy.
- (iv) History of sponsoring agency.
- (v) Signed clinical contracts.
- (vi) Director and faculty credentials.
- (vii) Student policies and support services.
- (viii) Evaluation methods and tools.

(c) The board may require a site visit to the program by a board-approved nurse site reviewer. A report of the site visit shall be prepared by the nurse site reviewer and provided to the board and the sponsoring agency.

(d) After the nursing sequence has been initiated and during the initial approval period, the program director shall submit an annual progress report to the board. The annual progress report shall include information about each of the following:

- (i) Admission, progression, and retention of students.
- (ii) Student achievement on the required licensure examination.
- (iii) Systematic program evaluation results, including, but not limited to, student evaluations, faculty reviews, NCLEX evaluation results, and attrition rates.

- (iv) Program changes.
- (v) Faculty qualifications, assignments, and any faculty exceptions.

History: 1989 AACCS; 2003 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10303a Full program approval; procedure.**

Rule 303a. (1) The sponsoring agency may apply to the board for full approval of the program after graduation of the second cohort, but shall apply no later than graduation of the fourth cohort. One cohort shall be counted for each 12-month period. The sponsoring agency shall comply with the following requirements for full approval of a nursing education program:

(a) The sponsoring agency shall make application to the board in the form of a letter.

(b) The sponsoring agency shall submit a final approval report to the board. The final approval report shall review the program's progress since initial approval was granted and shall include a review and evaluation of program implementation.

(c) The board may require a subsequent site visit to the program by a board-approved nurse site reviewer before considering full approval. If conducted, a report of the site visit shall be prepared by the nurse site reviewer and provided to the board and the sponsoring agency.

(2) When granted full approval for the program of nursing education, the sponsoring agency shall continue to meet all of the requirements of this part.

History: 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10303b Continued program approval; requirements.**

Rule 303b. (1) Except as provided in subrule (2) of this rule, starting at the expiration of the first year after a program has been granted full approval, the sponsoring agency shall submit a progress report to the board every 4 years that contains the following information:

(a) Admission, progression, and retention of students.

(b) Student achievement on the required licensure examination.

(c) Systematic program evaluation results and action plan, including but not limited to, student evaluations, faculty reviews, NCLEX evaluation results, and attrition rates.

(d) Program changes.

(e) Faculty qualifications, assignments, and any faculty exceptions.

(2) The sponsoring agency of a program that is accredited by a nationally recognized nursing education accrediting organization may submit the report approved by the nationally recognized nursing education accrediting organization instead of submitting the progress report referenced in subrule (1) of this rule.

(3) The board shall notify the program director of the date by which a progress report shall be submitted, except that a self-study report shall be submitted every 8 years for a non-accredited program and at least every 10 years for an accredited program.

(4) A self-study report prepared for accreditation or re-accreditation by a nationally recognized accrediting agency of nursing education programs may be submitted instead of the self-study report prepared for the board. The schedule for submission of a self-

study report for accredited programs shall follow the schedule of the nationally recognized accrediting agency. The report shall be submitted to the board within 1 month following receipt of the nationally recognized accrediting agency's decision on accreditation of the nursing education program.

History: 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10303c Program changes; requirements.**

Rule 303c. (1) Major program changes shall be submitted to the board in writing and shall be approved by the board before implementation. All of the following information shall be submitted when requesting approval of a major program change:

(a) A comparative description of the current and proposed program or portion of the program which is proposed for change.

(b) Rationale for the change.

(c) Plans to evaluate the effect of the change.

(d) Any supporting documents.

(2) Minor program changes shall be submitted to the department in writing and shall be approved by the department prior to implementation. Minor program changes include, but are not limited to, all of the following:

(a) Changing prerequisites, co-requisites, or both.

(b) A temporary expansion of students.

(c) Changing course numbering.

(d) Changing a descriptor code.

(e) Changing a program readiness assessment test.

(f) Separation of 1 course into 2 courses.

(g) Moving a course from 1 semester to another.

(h) Course name change.

(i) Adding or deleting a credit or credits from a course.

(j) Combining 2 courses.

(k) Changing the sequence in which courses are offered.

(3) The type of program approval, initial or full, under which a program is conducted, shall not be altered when program changes are approved.

History: 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10304 Program approval; decision.**

Rule 304. (1) Within 90 days after all materials requested by the board have been received, the board shall do either of the following:

(a) Grant initial or full approval of the program or approve the program change when the board finds that the requirements of this part are substantially met.

(b) Deny initial or full approval or approval of the program change when the board finds that the requirements of this part are not substantially met.

(2) The board shall issue its decision in writing.

(3) If approval is denied, the sponsoring agency may request a hearing which shall be conducted pursuant to the provisions of 1969 PA 306, MCL 24.201 et seq.

History: 1989 AACCS; 2003 AACCS.

**R 338.10305 Registered professional nurse and licensed practical nurse programs; program requirements; generally.**

Rule 305. (1) Programs of registered professional nursing education and licensed practical nursing education shall meet all of the following requirements:

(a) Comply with the curriculum requirements established by the board and with other requirements set forth in this part.

(b) Contribute to the safe practice of nursing by including the standards of practice, nursing behaviors, and other skills and knowledge in the curriculum to prepare persons for the practice of nursing as defined in section 17201(1)(a) of the code, MCL 333.17201(1)(a).

(c) Prepare students to meet the requirements for eligibility to take the required licensure examination.

(d) Establish requirements for admission, progression, and graduation which shall be made known and available in written form to prospective and current students.

(e) Establish a system for the permanent maintenance of course descriptions and student and graduate transcripts.

(2) A licensed practical nursing education program must be 1 year in duration, inclusive of program prerequisites and nursing education, and award a certificate of completion.

History: 1989 AACCS; 1996 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10305a Registered professional nursing education program; program requirements; faculty requirements.**

Rule 305a. (1) The program director and all nurse faculty members shall hold a current unrestricted license to practice as a registered professional nurse in this state.

(2) If clinical experiences are offered by the nursing education program at sites that are not located in this state, then any nurse faculty members at those sites shall hold a current unrestricted license to practice as a registered nurse in the state or Canadian province where the clinical experience is located.

(3) The program director shall hold a minimum of a graduate with a major in nursing.

(4) A member of the nursing faculty who provides didactic instruction shall hold a minimum of a graduate degree. The majority of the faculty shall hold a graduate degree with a major in nursing, unless an exception is granted under subrule (7) of this rule. If the graduate degree is not in nursing, the faculty member shall hold a minimum of a baccalaureate degree in nursing or an equivalent standing in a nationally nursing accredited ADN to MSN nursing education program with attestation of baccalaureate level competency from that educational program. Courses that are non-nursing in content but are health-related are exempt from the requirements of this subrule and may be taught by non-nurse faculty.

(5) A member of the nursing faculty who provides instruction in either the clinical or simulation laboratory shall hold a minimum of a baccalaureate degree in nursing or an equivalent standing in a nationally nursing accredited Associate's Degree in Nursing to

Master's of Science in Nursing (ADN to MSN) nursing education program with attestation of baccalaureate level competency from that educational program.

(6) Notwithstanding section 16148(6) of the code, MCL 333.16148(6), all nursing faculty shall meet the requirements of subrules (4) and (5) of this rule within 5 years after the effective date of these rules.

(7) An exception may be made to the requirements of subrule (4) of this rule for full-time or part-time nursing faculty and shall be based on the faculty member's progress toward meeting the requirements of these rules during each year for which the exception is requested. A maximum of 5 yearly exceptions shall be granted to any full-time or part-time faculty member.

(8) Nursing faculty shall be sufficient in number to prepare students to achieve the outcomes of the program. The maximum ratio of students to faculty in clinical areas involving direct care of patients shall be not more than 8 students to 1 faculty member. A ratio of fewer than 8 students to 1 faculty member may be required in specialty units to ensure safe and competent direct patient care.

History: 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10305b Licensed practical nursing education program; program requirements; faculty requirements.**

Rule 10305b. (1) The program director and all nurse faculty members shall hold a current unrestricted license to practice as a registered professional nurse in this state.

(2) If clinical experiences are offered by the nursing education program at sites that are not located in this state, then any nurse faculty members at those sites shall hold a current unrestricted license to practice as a registered professional nurse in the state or Canadian province where the clinical experience is located.

(3) The program director shall hold a minimum of a baccalaureate degree in nursing.

(4) Every member of the nursing faculty shall hold a minimum of a baccalaureate degree in nursing, unless an exception is granted under subrule (6) of this rule.

(5) Notwithstanding section 16148(7) of the code, MCL 333.16148(7), all nursing faculty shall comply with the requirements of subrule (4) of this rule within 5 years after the effective date of these rules.

(6) An exception may be made to the requirements of subrule (4) of this rule for full-time or part-time nursing faculty and shall be based on the faculty member's progress toward meeting the requirements of these rules during each year for which the exception is requested. A maximum of 5 yearly exceptions shall be granted to any full-time or part-time faculty member.

(7) Nursing faculty shall be sufficient in number to prepare students to achieve the outcomes of the program. The maximum ratio of students to faculty in clinical areas involving direct care of patients shall be not more than 8 students to 1 faculty member. A ratio of fewer than 8 students to 1 faculty member may be required in specialty units to ensure safe and competent direct patient care.

**R 338.10305c Registered professional nursing and licensed practical nursing education programs; preceptor requirements.**

Rule 10305c. (1) A program of nursing education that uses the personnel of a clinical facility as preceptors to facilitate the faculty-directed clinical experience of students shall meet all of the following requirements:

(a) Each preceptor shall be approved by the faculty of the program of nursing education.

(b) Each preceptor shall meet either of the following education and experience requirements:

(i) Be educated at the same or higher level as the academic program in which the student is enrolled, have demonstrated competencies that are appropriate for the student's learning experience, and have a minimum 1 year of clinical nursing experience and supervisor recommendation.

(ii) Have a minimum of an associate's degree or diploma in nursing, have demonstrated competencies that are appropriate for the student's learning experience, and have a minimum of 1 year of clinical nursing experience and supervisor recommendation.

(c) Each preceptor shall hold an unencumbered license in the state where the clinical experience occurs.

(d) The faculty of the program of nursing education shall provide to each preceptor an orientation concerning the roles and responsibilities of students, faculty members, and preceptors, including the party responsible for delegation and how delegation will occur.

(e) Before the preceptor begins instruction of the students, the faculty of the program of nursing shall develop written outcomes and provide a copy of those outcomes to each preceptor.

(f) The faculty member shall retain delegating authority and responsibility for the student's learning experiences and shall confer routinely and periodically with the preceptor and student to monitor and evaluate the learning experiences.

(g) If the faculty member is not physically present in the area in which students are practicing, he or she shall be immediately available by telephone or other means of telecommunication when students are engaged in clinical activities with a preceptor.

(h) Preceptors shall not be used to replace clinical faculty in prelicensure certificate, associate, or baccalaureate degree nursing programs.

(i) A preceptor shall supervise not more than 1 student during any 1 scheduled work time or shift.

(2) This rule does not apply to staff nurses used by faculty intermittently during clinical experiences.

History: 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10306 Registered nursing and practical nursing education programs; curriculum requirements; generally.**

Rule 306. The sponsoring agency's curriculum shall include all of the following:

(a) A statement of philosophy shall be established which is consistent with the philosophy of the sponsoring agency and which is implemented in the program of nursing education.

(b) Course, level, and terminal outcomes shall be established to serve as a guide in the development, implementation, and evaluation of the curriculum. The outcomes shall be reviewed periodically and revised as necessary.

(c) Learning experiences and methods of instruction shall be selected to fulfill the stated outcomes of each nursing course.

(d) Related clinical experiences and clinical laboratory and simulation laboratory hours shall be provided concurrently with, or immediately after, the theoretical presentation of the course content. Simulation laboratory hours shall be limited to no more than 50% of each clinical experience.

(e) Evaluation methods and tools to be used for measuring student achievement shall be determined by the faculty in keeping with the assessment methods of the sponsoring agency. These methods and tools shall be known to the students in the program.

(f) The director and faculty shall evaluate all aspects of the curriculum on a systematic basis. Records of the results of the evaluation shall be maintained for board review, if requested.

History: 1989 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10307 Registered professional nursing and licensed practical nursing education programs; curriculum; organization, development, implementation, control, and evaluation.**

Rule 307. (1) The curriculum shall be organized, developed, implemented, controlled, and evaluated on a regularly scheduled basis by the program director and the faculty within the framework of the philosophy, purposes, and outcomes of the sponsoring agency and those approved by the board.

(2) The curriculum outcomes shall identify the behavioral expectations of the graduate of the program and shall be used for all of the following purposes:

(a) Developing, organizing, implementing, and evaluating the curriculum.

(b) Identifying outcomes for levels of progression and course and program completion.

(c) Providing to the student an organized pattern to follow in which the sequence of learning is from the simple to the complex and from the known to the unknown, with each learning experience built on previously learned information of nursing and related scientific knowledge.

(d) Organizing the courses to approximate, as closely as possible, the schedules of the sponsoring agency in terms, quarters, semesters, or trimesters.

(e) Distributing the courses throughout the curriculum so that an unreasonable overload does not exist in any segment of the sequence.

(3) The statement of the conceptual framework or rationale for the program shall be the basis for the organization of the nursing content of the curriculum.

(4) The course content and other learning experiences shall promote student growth in all of the following areas:

(a) The understanding of the roles and responsibilities of the members of the nursing profession.

(b) The application of the principles of nursing and the sciences which are basic to nursing practice in the development of plans of care for the patient or client.

(c) The provision of direct and indirect nursing care.

(d) The understanding of effective human relations and demonstrating the ability to use these principles in nursing situations.

(e) The recognition of physical, psychosocial, and spiritual needs of diverse patient/client populations in the provision of nursing care.

(f) The understanding of health, including the manifestations of disease and the initiation, organization, and application of the principles underlying the nursing care provided.

(g) Developing skills and abilities in the administration of all aspects of nursing care, including all of the following:

(i) Communications.

(ii) Critical thinking, clinical reasoning, and problem solving.

(iii) Understanding legal and professional responsibilities.

(iv) The working relationships with other health care providers.

(v) Evidence-based practice.

(vi) Quality and safety.

(h) Understanding and protecting the rights of patients or clients.

(5) All cooperating agencies selected for clinical laboratory and simulation laboratory experiences shall have standards of nursing care that demonstrate concern for the patient or client and evidence the skillful application of all measures of quality and safe, evidence-based nursing practice.

(6) All cooperating agencies shall have a current license, if required, for their operation and adhere to the local zoning ordinances governing their operation.

(7) When a site visit is made, cooperating agencies may be surveyed as a part of the review process to determine the contribution each makes to the course and program outcomes. Selection shall be made by the nurse site reviewer.

(8) Each resource selected to provide clinical experience shall indicate a willingness to cooperate in the curriculum by providing a letter of intent, a written agreement, or a formal contract. Each cooperating agency shall provide experiences of a quality and quantity that will enable all students to meet the outcomes established for the clinical experience pursuant to R 338.10303.

History: 1989 AACCS; 2003 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10308 Registered professional nursing education program; curriculum; implementation.**

Rule 308. (1) The director and faculty of a program of nursing education leading to licensure as a registered professional nurse shall comply with all of the following provisions:

(a) Select courses and ensure teaching concepts for basic content in the biological, physical, behavioral, and other courses supportive of the nursing major which shall assist the student to improve abilities in all of the following areas:

(i) Communication.

(ii) Interviewing.

(iii) Critical thinking, clinical reasoning, and problem solving.

(iv) Interpersonal relationships.

(v) Use of scientific principles in providing individualized nursing care to the patient or client. Such courses shall have credits conferred consistent with the policies of the sponsoring agency.

(vi) Analysis and evaluation of scientific research.

(vii) Quality and safety.

(b) Provide courses and clinical and simulation laboratory experiences in the care of all age groups and sexes in medical, surgical, pediatric, geriatric, obstetrical, and psychiatric nursing. Opportunities for learning experiences in community aspects of nursing shall be made available. The elements of the nursing process shall be emphasized in all nursing courses. Clinical laboratory, simulation laboratory, and clinical experience hours shall be sufficient in number to meet the course and program outcomes.

(c) Ensure that courses include content relating to all of the following:

(i) The legal scope of practice of a registered nurse.

(ii) The standards of practice and performance and code of ethics for the nursing profession.

(iii) Historical perspectives of nursing and current legal-ethical issues.

(iv) Licensure requirements.

(v) Evidence-based practice.

(vi) Quality and safety.

(d) Select cooperating agencies that meet the requirements of R 338.10307(5), (6), and (8).

(2) A registered professional nurse program may substitute up to 50% of clinical hours in any single course with simulation laboratory experiences. For simulation laboratory experiences, the board adopts by reference the standards of the International Nursing Association for Clinical Simulation and Learning, as specified in the publication entitled, "Standards of Best Practice: Simulation" 2013. The standards are available from the International Nursing Association for Clinical Simulation and Learning's website at <http://www.inacsl.org> at no cost. Copies of the standards are available for inspection and distribution at cost from the Board of Nursing, Bureau of Professional Licensing, Department of Licensing and Regulatory Affairs, 611 W. **R 338.10309 Licensed practical nursing education program; curriculum; implementation.**

Rule 309. (1) The director and faculty of a program of nursing education leading to licensure as a licensed practical nurse shall comply with all of the following provisions:

(a) Select courses and ensure teaching concepts on which the theory and practice of practical nursing are based. The basic principles of the natural and applied sciences that are fundamental to the theory and practice of practical nursing and that are applied in the planning and implementation of nursing care shall be included.

(b) Provide courses and clinical and simulation experiences in the care of all age groups and both sexes in medical, surgical, pediatric, obstetrical, and geriatric nursing and provide supervised practice in the administration of medications. Clinical laboratory,

simulation laboratory, and clinical experience hours shall be sufficient to meet the outcomes of the curriculum.

(c) Ensure that courses include content relating to all of the following:

(i) The legal scope of practice of a licensed practical nurse.

(ii) The standards of conduct for members of the nursing profession and, in particular, a licensed practical nurse.

(iii) Historical perspectives of nursing and current legal-ethical issues.

(iv) Licensure requirements.

(v) Evidence-based practice.

(vi) Quality and safety.

(d) Select cooperating agencies that meet the requirements of R 338.10307(5), (6), and (8).

(2) A licensed practical nursing education program may substitute up to 50% of clinical hours in any single course with simulation laboratory experiences, except for pediatric and obstetric clinical hours. A licensed practical nursing education program may substitute up to 100% of pediatric and obstetric clinical hours with simulation laboratory. For simulation laboratory experiences, the board adopts by reference the standards of the International Nursing Association for Clinical Simulation and Learning, as specified in the publication entitled, "Standards of Best Practice: Simulation" 2013. The standards are available from the International Nursing Association for Clinical Simulation and Learning's website at <http://www.inacsl.org> at no cost. ### **R 338.10310 Board evaluation of a nursing education program.**

Rule 310. The board may evaluate a program of nursing education when any of the following occurs:

(a) A request for initiating a program of nursing education is submitted.

(b) A request for full approval of a program is submitted.

(c) A request for approval of a major program change is submitted.

(d) The failure rate for first-time test takers on the required licensure examination reaches or exceeds 25% for any 1 year of compiled statistics or reaches or exceeds 15% for any 2 of 3 consecutive years of compiled annual statistics.

(e) Complaints regarding the conduct of the program are received and it is necessary to validate the complaints, pursuant to section 17242 of the code, MCL 333.17242.

History: 1989 AACCS; 1998-2000 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

### **R 338.10310a Nursing education program; board action following evaluation.**

Rule 10310a. The board shall require a nursing education program evaluated pursuant to section 17242 of the code, MCL 333.17242, and R 338.10310 and determined to be in

noncompliance with any provision of the code or the administrative rules to comply with all of the following, as applicable:

(a) An action plan: The board shall require an action plan as the first step for improvement of the identified problem areas. The sponsoring agency shall submit the action plan within 6 months of the evaluation or with the next 4-year report as defined in Rule 338.10303b, whichever comes first. All of the following apply:

(i) The plan shall indicate that an evaluation of the nursing education program was conducted by the program's director and faculty to identify problem areas. The plan shall include specific steps that are being taken to affect changes in the program. The action plan shall also provide a method for the evaluation of the changes and further action to be taken, if program performance continues to be out of compliance.

(ii) The program shall have 1 year from report submission to implement the changes that are specified in the action plan.

(iii) If there is no evidence of improvement 1 year from the plan's implementation, then the board shall place the program on "probationary status" and the program shall comply with subdivision (b) of this rule.

(b) A self-study: The board shall require a full self-study of the program of nursing education as the second step for improvement. The sponsoring agency shall submit the self-study within 6 months of notification from the board or department. All of the following apply:

(i) The self-study shall be a complete review of the program including, but not limited to, admission policies, curriculum, teaching methods, faculty credentials, testing methods, remediation methods, and failure policies.

(ii) If the result of the self-study concludes that a major program change is necessary, a major program change shall be developed by the sponsoring agency. The major program change shall be submitted to the board for its review and approval prior to the changes taking effect.

(iii) If the result of the self-study concludes that a minor program change is necessary, a minor program change shall be developed by the sponsoring agency. The minor program change shall be submitted to the department for its review and approval prior to the changes taking effect.

(iv) The program shall have 1 cohort cycle to demonstrate improvement.

(v) After the graduation and NCLEX testing of that cohort, if there is no evidence of improvement, the program shall comply with subdivision (c) of this rule.

(c) A nursing education consultant: The program shall employ the services of a nursing education consultant whose credentials shall be submitted to the board. All of the following apply:

(i) The program shall require the consultant to conduct a full and comprehensive review of the nursing education program and prepare a report of the findings and recommendations for improvement.

(ii) The program shall submit the nursing education consultant's report of the findings and recommendations to the board. The program shall also submit a plan to implement the recommendations of the consultant to the board.

(iii) If the recommendation involves a major program change, the sponsoring agency shall submit it to the board for its approval prior to the implementation of the program change.

(iv) The program shall have 1 cohort cycle under the major program change to demonstrate improvement.

(v) If the recommendations do not involve a major program change, the school then has 1 year from report submission to implement the changes.

(vi) If there is no evidence of improvement after the NCLEX examination of the cohort or by the end of 1 year following report submission, the program shall comply with subdivision (d) of this rule.

(d) A reduction in admissions: The program shall reduce admissions to a board-recommended level. Both of the following apply:

(i) The program shall have 1 cohort cycle under the reduction in admissions to demonstrate improvement.

(ii) If there is no evidence of improvement, the board shall commence withdrawal of program approval pursuant to section 17242(2) of the code, MCL 333.17242(2).

History: 2017 MR 1, Eff. Jan. 6, 2017.

### **R 338.10311 Failure of program to comply with rules; withdrawal of approval.**

Rule 311. (1) The board shall proceed under section 17242 of the code, MCL 333.17242, if the board determines that a program of nursing education does not meet the requirements of this part.

(2) Withdrawal of board approval of the program of nursing education for stated deficiencies which were not remediated does not necessarily make any bona fide student enrolled in the program at the time of withdrawal of approval ineligible for the required licensure examination upon satisfactory completion of that program or another program of nursing education which has been approved by the board.

(3) Failure of a nursing program to meet all of the requirements of this part shall not, in and of itself, make a graduate from the program ineligible for licensure in this state. Approval of the program in a jurisdiction that maintains substantially equivalent requirements shall be considered in compliance with these rules.

History: 1989 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

### **R 338.10312 Program termination; interruption or reduction of admissions.**

Rule 312. (1) The program director shall inform the board if a date is established for termination of the program of nursing education.

(2) The program director shall inform the board regarding the system of retention of student records which are needed for endorsement purposes and proof of scholastic achievement. The system of records retention shall be in accordance with all applicable federal and state laws and regulations. The board shall retain this information so that graduates may be given the source of information upon request.

(3) The program director shall inform the board if admissions to the program of nursing education are to be reduced or interrupted.

History: 1989 AACCS; 2003 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

## **PART 4. NURSE SPECIALTY CERTIFICATION**

### **R 338.10401 Definitions.**

Rule 401. As used in this part:

(a) “Nurse anesthetist” means an individual who is licensed under part 172 of the code, MCL 333.17201 to 333.17242, as a registered nurse, who is certified by the board to use the title nurse anesthetist, and who is prepared to provide the full spectrum of anesthesia care and anesthesia-related care for individuals across the lifespan, whose health status may range from healthy through all recognized levels of acuity, including persons with immediate, severe, or life-threatening illnesses or injury.

(b) “Nurse midwife” means an individual who is licensed under part 172 of the code, MCL 333.17201 to 333.17242, as a registered nurse, who is certified by the board to use the title nurse midwife, and who focuses on primary care services for women throughout their lifespan, including comprehensive maternity care that includes prenatal care, childbirth in diverse settings, postpartum care, and newborn care; gynecological, reproductive, and contraceptive care; physical exams; diagnosis and treatment of common health problems with consultation or referral as indicated; prescribing pharmacological and nonpharmacological interventions and treatments; and treatment of male partners for sexually transmitted infection and reproductive health.

(c) “Nurse practitioner” means an individual who is licensed under part 172 of the code as a registered nurse, who is certified by the board to use the title nurse practitioner, and who focuses on the performance of comprehensive assessments; providing physical examinations and other health assessments and screening activities; and diagnosing, treating, and managing patients with acute and chronic illnesses and diseases. Nursing care provided by a nurse practitioner includes ordering, performing, supervising, and interpreting laboratory and imaging studies; prescribing pharmacological and nonpharmacological interventions and treatments that are within the nurse practitioner’s specialty role and scope of practice; health promotion; disease prevention; health education; and counseling of patients and families with potential, acute, and chronic health disorders.

## **PART 6. CONTINUING EDUCATION**

### **R 338.10601 License renewals; requirements; applicability.**

Rule 601. (1) Pursuant to section 16201 of the code, MCL 333.16201, an applicant for license renewal who has been licensed for the 2-year period immediately preceding the expiration date of the license, shall accumulate at least 25 hours of continuing education that are approved by the board pursuant to these rules during the 2 years preceding an application for renewal. This part applies to an application for renewal that is filed for the renewal cycle 1 year or more after the effective date of these rules.

(2) An applicant for license renewal shall complete at least 2 hours of continuing education in pain and pain symptom management in each renewal period pursuant to

section 16204(2) of the code, MCL 333.16204(2). Continuing education in pain and pain symptom management may include, but is not limited to, courses in behavior management, psychology of pain, pharmacology, behavior modification, stress management, clinical applications, and drug interventions as they relate to professional practice.

(3) Submission of an application for renewal shall constitute the applicant's certification of compliance with the requirements of this rule. A nurse shall retain documentation of meeting the requirements of this rule for a period of 4 years from the date of applying for license renewal. Failure to comply with this rule is a violation of section 16221(h) of the code, MCL 333.16221(h).

(4) The requirements of this part do not apply to an applicant during an initial licensure cycle.

History: 1996 AACCS; 2003 AACCS; 2017 MR 1, Eff. Jan. 6, 2017.

**R 338.10602 Acceptable continuing education; requirements; limitations.**
